Note: Some games in the **Atari Greatest Hits** app use Landscape View as their default. If you want to change it to Portrait View:

1. Within the app, tap the desired game to select it.
2. Tap "Settings."
3. If there is an "Orientation" setting, tap it; then tap the arrow until "Portrait" appears. (The setting may alternately available as "Controls." In this case, tap the arrow until "Arcade" appears.)
